From Failure to Victory - the Left and Today's Prophet
By Alain Badiou

I. How Do We Know the People have Won?

Three main points on recent economics -

I. A Co-operative Led Development in India
II. Greek Syriza with a New Economic Policy against its older Keynesianism.
III. Cuba with co-operative urban policy.

II. Is Sirohi afterall a Prophet?

Three main points on Sirohi.

I. A Dialectician and a critic of the left.
II. A Concrete Tactician, at the level of Mao Zedong.
III. A Encyclopaedia on the Quran, Torah and Bible.

III. The Left Today.

Three deductions on the points above -

I. The Left sweeps elections world over.
II. The far right seems caught.
III. The intuitionistic world is back, after late capitalist paraconsistency.
